Miata Metals Corp.

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended September 30, 2025

(Unaudited - Expressed in Canadian dollars, except where noted)

1. NATURE OF OPERATIONS AND GOING CONCERN

Miata Metals Corp. ("Miata", or the "Company") was incorporated on July 12, 2021, under the laws of the Province of British Columbia, Canada, and its principal activity is the identification, evaluation, acquisition, and exploration of mineral properties. On July 20, 2023, the Company's shares commenced trading on the Canadian Securities Exchange (the "CSE") under the ticker symbol MMET.

The corporate head office and principal address of the Company is located at 2133-1177 West Hastings Street, Vancouver BC, V6E 3T4, Canada. The registered and records office of the Company is 1200 – 750 West Pender Street, Vancouver, BC, V6C 2T8, Canada.

Going concern

The condensed interim consolidated financial statements for the three-month period ending September 30, 2025, along with the comparative figures, and the notes thereto (the "Interim Financial Statements") are presented on a going concern basis, which assumes the Company will continue to realize its assets and discharge its liabilities in the normal course of operations. There are conditions and events that cast significant doubt on the validity of this assumption.

The exploration property interests held by Miata are in the exploration stage. The business of mining and exploration involves a high degree of risk and there can be no assurance that current exploration programs will result in profitable mining operations.

Miata operates at a loss, and does not generate cash flows from operations. The Company has therefore relied principally on the issuance of equity securities to finance its operating and investing activities to the extent that such instruments are issuable under terms acceptable to the Company. If future financing is unavailable, Miata may not be able to meet its ongoing obligations, in which case the realizable values of its assets may decline materially from current estimates.

These material uncertainties may cast significant doubt as to the ability of the Company to continue as a going concern. The Interim Financial Statements do not include any adjustments to the amounts and classification of assets and liabilities that might be necessary should the Company be unable to continue operations. These adjustments could be material.

The assumption that the Company will be able to continue as a going concern is subject to critical judgments by management with respect to assumptions surrounding the short and long-term operating budgets, expected profitability, investing and financing activities, and management's strategic planning. Should those judgments prove to be inaccurate, management's continued use of the going concern assumption could be inappropriate. Although the Company has been successful in the past in obtaining financing, there can be no assurances that the Company will continue to obtain the additional financial resources necessary and/or achieve profitability or positive cash flows from its future operations. If the Company is unable to obtain adequate additional financing, the Company would be required to curtail its planned operations, exploration, and development activities.

Approval

The Interim Financial Statements were approved by the Board of Directors on November 28, 2025.

2. BASIS OF PREPARATION

a. Unaudited interim financial data

The Interim Financial Statements are prepared in compliance with International Accounting Standard 34, *Interim Financial Reporting*. Accordingly, certain information and footnote disclosure normally included in annual financial statements prepared in accordance with IFRS Accounting Standards ("IFRS") as issued by the International Accounting Standards Board, have been omitted or condensed. The Interim Financial Statements should be read in conjunction with the Company's audited consolidated financial statements for the year ended June 30, 2025 (the "AFS").

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended September 30, 2025

(Unaudited - Expressed in Canadian dollars, except where noted)

2. BASIS OF PREPARATION (continued)

b. Basis of measurement and consolidation

The Interim Financial Statements have been prepared on an accrual basis and are based on historical cost, except for certain financial instruments measured at fair value, as set out in the accounting policies disclosed in the AFS. The reporting and functional currency of the Company is the Canadian dollar ("C\$"), except where otherwise indicated.

The preparation of financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in the AFS.

On October 16, 2024, Miata acquired all of the issued and outstanding shares of 79North Inc. ("79North") by way of a three-cornered amalgamation amongst 79North, Miata, and 1000936320 Ontario Inc. ("OntarioCo"), a wholly-owned subsidiary of Miata (the "Acquisition"). As a condition of entering into the Acquisition, Miata provided a secured bridge loan to 79North for \$200,000 (the "Promissory Note") to be used by 79North to cover its transaction costs and settle its outstanding liabilities prior to closing. Miata also paid certain costs of 79North directly related to the closing of the Acquisition, which were added to the principal of the Promissory Note receivable. The note was non-interest bearing and subsequently consolidated upon closing of the Acquisition.

Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The Interim Financial Statements consolidate the accounts of Miata Metals Corp. and its subsidiaries, including, as of October 16, 2024, those legal entities acquired pursuant to the Acquisition – each of which is held 100%, except where noted:

Name of subsidiary	Principal activity	Location
Miata Holdings Inc. ("MHI") ¹	Holding company	Canada
79 North Ltd.	Holding company	Canada
Sumin Resources Limited	Holding company	British Virgin Islands
Sumin Mines N.V.	Holding company	Suriname

Miata Netherlands B.V. ("Miata Netherlands") ²	Holding company	The Netherlands
Miata Metals Suriname N.V. ("Miata Suriname") ²	Exploration	Suriname
Golden Ventures Suriname N.V. ("Golden Ventures") ⁴	Exploration	Suriname

¹ Upon completion of the Acquisition, 79North and OntarioCo amalgamated and were renamed MHI.

² Miata Netherlands and Miata Suriname were each incorporated in August 2024. Miata Suriname holds an option to acquire a 100% interest in the Sela Creek gold exploration property ("Sela Creek") pursuant to the Sela Creek Option Agreement dated August 23, 2024 (Note 8).

³ The Company holds a 70% beneficial interest in IAM pursuant to a predecessor entity having satisfied conditions of an option agreement. Although, all of the shares of IAM are registered to the counterparty, the Company has a legal right to 70% of the entity and has recognised for accounting purposes a non-controlling interest in equity for the 30% it does not control (the "NCI")(Note 10). IAM is the registered and beneficial owner of the concessions that comprise the Nassau gold exploration property ("Nassau")(Note 8).

⁴ Golden Ventures was incorporated on March 21, 2025. Golden Ventures holds an option to acquire a 100% interest in Nassau.

Miata Metals Corp.

Notes to the Condensed Interim Consolidated Financial Statements

For the three months ended September 30, 2025

(Unaudited - Expressed in Canadian dollars, except where noted)

2. BASIS OF PREPARATION (continued)

All intercompany transactions, balances and unrealized gains and losses from intercompany transactions are eliminated on consolidation.

Items included in the financial statements of each subsidiary of the Company are measured using the currency of the primary economic environment in which the entity operates (the "functional currency").

Each of Miata Metals Corp., MHI, and 79 North Ltd. raises its financing and incur expenditures in Canadian dollars, giving rise to a Canadian dollar functional currency. The remaining legal entities in the Miata group generally incur expenditures and receive funding from the Company in United States dollars ("US\$"), and accordingly have a US\$ functional currency.

3. MATERIAL ACCOUNTING POLICY INFORMATION

These Interim Financial Statements have been prepared using accounting policies consistent with those used in the AFS.

4. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES, AND RISKS

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the Interim Financial Statements and the reported amounts of expenses during the reporting period.

Accounting estimates are:

- typically made in order to achieve the objective set out by the relevant accounting policy,
- relate to monetary amounts in the financial statements that are subject to measurement uncertainty, and
- typically involve the use of judgements or assumptions based on the latest available reliable information.

Estimates and assumptions are continually evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Actual results could differ from the amounts estimated in these Interim Financial Statements; uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. To the extent there are material differences between estimates and the actual results, future results of operations will be affected. The more significant areas requiring the use of management's judgments, estimates, and assumptions include: the type and amount of exploration property acquisition and transaction costs eligible for capitalization; the allocation of value to assets acquired, and liabilities assume in the Acquisition; the assessment of indicators of impairment of exploration properties; the recognition of provisions for reclamation; the valuation of share-based compensation; the recognition of an accrual related to contingencies arising from legal claims against the Company (Note 17); the determination of income tax provisions and disclosures thereof, and whether accounting policies are material enough to merit disclosure or not.

Further information on management's judgments, estimates, and assumptions and how they may impact results are described in the relevant notes to these Interim Financial Statements.

8. EXPLORATION PROPERTIES

Currently none of the Company's properties have any known body of commercial ore or any established economic deposit; all are in the exploration stage.

Details of the Company's property acquisition costs recognised on the statements of financial position as exploration properties, and any adjustment thereto from impairment, are as follows:

	Sela Creek	Nassau	Cabin Lake	Total
Balance, June 30, 2024	\$ -	\$ -	\$ 10,206	\$ 10,206

Balance, September 30, 2025	\$ 4,609,191	\$ 5,979,565	\$ -	\$ 10,588,756

¹Pursuant to the Acquisition, Miata acquired the interests in two exploration properties in Suriname held by 79North: a 70% interest in Sela Creek gold exploration property ("Sela Creek"), and a 70% earned beneficial interest in IAM, which in turns holds the concessions that comprise Nassau. The values ascribed to the acquired interests in Sela Creek: \$4,184,985 and Nassau: \$5,953,439, reflect the residual of consideration paid in the Acquisition, and have been allocated pursuant to an assessment of the relative size of the concessions that comprise the two properties. There are no other assets or liabilities in IAM.

As a consequence of the Acquisition, an NCI of \$1,786,032 was recorded to recognize the 30% interest in IAM to which the Company does not hold a legal right (Note 11).

² On September 9, 2024, the Company issued 127,515 Miata Shares at a fair value per share of \$0.66 as an option payment in satisfaction of the initial share issuance requirement.

³ On August 25, 2025, the Company issued 592,883 Miata Shares at a fair value per share of \$0.2337 as an option payment in satisfaction of the first anniversary share issuance requirement (Note 10(a)).

a. Sela Creek gold project, Suriname

Sela Creek is located approximately 235 km from Paramaribo, the capital of Suriname and covers an area of approximately 215 km² of the Guiana Greenstone belt.

The Sela Creek property comprises two concessions both registered to the counterparty of the legacy earn-in (the "Sela Concession holders"): one consisting of the right to prospect and explore for gold (concession GMD no. "490/19"), and the other bestowing an exploitation right for gold (concession GMD no. "497/19"). In Suriname, mineral concessions are valid for prescribed time periods and can be renewed (or in the case of the exploration right, converted to an exploitation right) upon satisfaction of typical expenditure, reporting and filing requirements of the mineral exploration industry.

At the date of Acquisition, 497/19 was in good standing, and in June 2025, an extension application was approved with GMD No. "570/25" awarded for an additional five-year term, with the concession area unchanged. Concession GMD No. 490/19 had expired prior to the Acquisition. A new application for a right of exploitation covering substantially the same area was filed by the concession holder in July 2024 and is under review by the Ministry of Natural Resources in Suriname (the "Ministry"). There can be no assurance as to the timing or outcome of the Ministry's decision.

Following commencement of commercial production, the concessions are subject to federal royalty tariffs and a production tax, the rates of which are set by the Suriname government.

8. EXPLORATION PROPERTIES (continued)

a. Sela Creek gold project, Suriname (continued)

Option to acquire 100% of Sela Creek

On August 26, 2024, in anticipation of closing the Acquisition and assuming the 70% interest in Sela Creek, the Company entered into a new option agreement (the "Sela Creek Agreement") with the Sela Concession holders (the "Optionor"), allowing Miata to earn 100% ownership.

As consideration to acquire 100% of Sela Creek, Miata has agreed to make payments and complete work expenditures as follows:

- US\$10,000 (\$14,119) cash payment upon signing a term sheet with the Optionor (paid).
- Additional US\$45,000 (\$62,626) deposit prior to signing the Sela Creek Agreement (paid).
- US\$45,000 cash payment (\$62,151, paid) and issuance of US\$50,000 of Miata Shares to the Optionor following signing the Sela Creek Agreement (127,515 shares issued, at a value of \$0.66 per share - \$84,160).
- US\$100,000 cash payment (\$139,356, paid) and issuance of US\$100,000 of Miata Shares to the Optionor within 12 months of signing the Sela Creek Agreement (592,883 shares issued, at a value of \$0.2337 per share - \$138,540)(Note 10(a)).
- Work commitment of US\$1,000,000 in eligible exploration expenditures ("Expenditures"), US\$250,000 cash payment, and issuance of US\$150,000 of Miata Shares to the Optionor within 24 months of signing the Sela Creek Agreement (the "First Exploration Period").
- Work commitment of US\$1,000,000 in Expenditures, US\$500,000 cash payment, and issuance of US\$150,000 of Miata Shares to the Optionor within 36 months of signing the Sela Creek Agreement (the period from and including the twenty-fifth month to the thirty-sixth month, the "Second Exploration Period").

Pursuant to the Sela Creek Agreement exploration expenditures ("Expenditures") incurred by Miata or the Optionor from July 1, 2024, onward, are credited towards the minimum expenditure amounts required to be made by Miata in the First Exploration Period. Excess Expenditures completed in the First Exploration Period shall be carried forward and credited to the Expenditures required in the Second Exploration Period.

The value of the US\$10,000 (\$14,119), and additional US\$45,000 (\$62,626) deposit amounts paid prior to signing the Sela Creek Agreement have been expensed in accordance with the Company's accounting policy for exploration property acquisition costs. Payments made, including the value of Miata Shares issued, to the Optionor in satisfaction of obligations subsequent to signing the Sela Creek Agreement are capitalized to the carrying value of the Company's interest in Sela Creek.

Upon exercise of the option, Miata shall grant the Optionor a 2% net smelter return royalty ("NSR") from the sale of gold mined from Sela Creek. Miata shall have a right to purchase (i) one half percent (0.5%) of the NSR for a payment of US\$500,000, and (ii) an additional one-half percent (0.5%) of the NSR for US\$2,500,000.

b. Nassau gold project, Suriname

As a result of closing the Acquisition, Miata holds an indirect, earned, 70% interest in the Nassau property. Nassau is located approximately 125 km south-east of Paramaribo and approximately 100 km north of Sela Creek.

The Company's interest in Nassau is held through IAM, a legal entity in Suriname. IAM has the registered interest in the mineral property licenses that comprise Nassau. The contractual interest of 70% of this entity was acquired upon closing of the Acquisition and is governed by an option agreement amongst a subsidiary of the Company and the local concession holder (the "IAM-Nassau Agreement"), as subsequently amended.

8. EXPLORATION PROPERTIES (continued)

b. Nassau gold project, Suriname

The Nassau property comprises two concessions: each bestowing the right to exploit a prescribed concession area for gold: concession GMD no. "371/19", and concession GMD no. "372/19".

At the date of Acquisition, neither of these concessions were in good standing, although an application for renewal had been filed by IAM for 372/19 prior to its expiration. The Company has subsequently submitted an application to extend the exploitation right covered by 371/19, and as of the date of the Interim Financial Statements, both applications are pending review and approval by the Ministry. There can be no assurance as to the timing or outcome of the Ministry's decision.

Option to acquire 100% of Nassau

On April 15, 2025, the Company, its newly-incorporated subsidiary, Golden Ventures, and the other shareholders of IAM (the "IAM Minority Shareholders") entered into a new option agreement (the "New Nassau Option"), providing Miata the ability to acquire 100% of the Nassau concessions in exchange for satisfying the following (subject to certain conditions precedent, noted below):

- Paying US\$25,000 in cash five days from signing a letter of intent (expensed, as the \$34,788, amount was paid prior to signing the definitive agreement).
- Paying US\$75,000 in cash five days from signing the definitive agreement. An amount of US\$18,750 (\$26,126), representing just $\frac{1}{4}$ of the total, was paid during the year ended June 30, 2025, pursuant to the condition precedent discussed below.
- Paying US\$200,000 in cash on the 12-month anniversary of signing the definitive agreement.
- Paying US\$400,000 in cash on the 24-month anniversary of signing the definitive agreement, and completing a work commitment of US\$1,000,000 in exploration expenditures at Nassau.
- Paying US\$650,000 in cash on the 36-month anniversary of signing the definitive agreement, and completing a work commitment of US\$1,000,000 in exploration expenditures at Nassau.

The first payment was reduced as the full payment of the cash amounts is contingent upon receipt of an extension or renewal of at least one of 371/19 or 372/19. Neither concession has been renewed as of the date of the Interim Financial Statements.

Pursuant to the New Nassau Option, IAM will convey 100% interest in Nassau to Golden Ventures, and in exchange, the IAM Minority Shareholders will receive 30% of the issued shares of Golden Ventures. The transfer and exchange are in process as of the date of the Interim Financial Statements.

Concurrent with the completion of the option, Miata shall grant the other shareholders of IAM a 2% NSR from the sale of gold mined from Nassau. Miata shall maintain a buy-back right to purchase (i) one half percent (0.5%) of the NSR for a cash payment of US\$1,000,000 and (ii) a further one half percent (0.5%) of the NSR for a cash payment of US\$3,000,000.

There is a 0.5%-1% NSR on Nassau, payable to a subsidiary of Royal Gold Inc.

Following commencement of commercial production, the concessions are also subject to federal royalty tariffs and a production tax, the rates of which are set by the Suriname government.

c. Cabin Lake property, British Columbia

The Company entered into an option agreement dated August 25, 2022 (the "Cabin Lake Agreement"), with Petram Exploration Ltd. ("Petram") pursuant to which the Company was granted an option (the "Cabin Option") to purchase 100% interest in the six mineral claims that comprise the Cabin Lake mineral property ("Cabin Lake").

During the year ended June 30, 2025, the Company determined that it would not continue with the Cabin Option, and ceased making expenditures at Cabin Lake. The \$30,206 value recognised on the statements of financial position was written-off to \$nil.

Exploration and evaluation expenditures

Exploration and evaluation expenditures are costs incurred in the course of the initial search for mineral resources before the technical feasibility and commercial viability of extracting a mineral resource are demonstrable. All exploration expenditures are expensed as incurred.

Details of the Company's exploration and evaluation expenditures in the condensed interim consolidated statements of loss are as follows:

Geological consulting includes primarily costs for technical input and data review from several geological personnel and advisors, including the CEO, the VP Exploration, and one of Miata's directors, as well as in-country co-ordination of field work, primarily at Sela Creek.

General exploration comprises exploration expenditures on mineral property interests for which the Company does not hold rights or title. Miata incurred certain exploration expenditures prior to entering into the Sela Creek Agreement, and prior to closing the Acquisition, as it completed technical assessment and due diligence activities.

The Company has determined not to record any provision for reclamation costs as at September 30, 2025 (June 30, 2025: \$nil) given the limited amount of disturbance created to date.

10. SHARE CAPITAL AND RESERVES

The Company's authorized share capital consists of an unlimited number of common shares without par value.

a) Issued Share Capital

During the three months ended September 30, 2025, the Company issued Miata Shares as follows:

- On August 21, 2025, the Company closed a brokered private placement offering (the "August Financing"), issuing 23,913,044 units of the Company (each an "August Unit") at a price of \$0.23 per August Unit for aggregate gross proceeds to the Company of \$5,500,000. Each August Unit consists of one Miata Share and one-half of one warrant (each whole warrant an "August Warrant"). Each August Warrant entitles the holder to purchase one Miata Share at a price of \$0.40 per share for a period of 24 months from the date of issue. The August Warrants are restricted from exercise until October 21, 2025.

The Company also issued a total of 717,410 warrants to certain finders ("Finders Warrants") in connection with the closing of the August Financing. Each Finders Warrant entitles the holder to purchase one Miata Share at a price of \$0.40 per share for a period of 24 months from the date of issue. The Company attributed the full amount of the gross proceeds to share capital and a residual value of \$nil to the warrants issued. A total of \$98,779 in value related to the Finders Warrants, determined using Black-Scholes, is reflected in share issue costs (Note 10(b)).

Cash finders fees of \$199,249 were paid to certain finders in connection with the August Financing, and recognized as share issue costs.

Messrs. James Reid and Daniel Matthews, both directors of the Company, and John Wenger, the CFO, participated in the August Financing for aggregate proceeds of \$121,002.

- In satisfaction of the one-year anniversary share issuance obligation required by the Sela Creek Agreement, the Company issued 592,883 Miata Shares (at a value of \$0.234 per share - \$138,540) to the Optionor on August 25, 2025 (Note 9(a)).

During the three months ended September 30, 2024, the Company issued Miata Shares as follows:

- On September 9, 2024, the Company issued 127,515 Miata Shares in satisfaction of the initial share issuance obligation pursuant to the Sela Creek Agreement (Note 8(a)). The fair value of the shares issued was \$84,160 (US\$50,000), the value of which was capitalized to the Sela Creek property.

Subsequent to September 30, 2025, an aggregate of 658,250 August Warrants were exercised, for aggregate gross proceeds of \$263,300, resulting in the issuance of 658,250 Miata Shares, and 22,500 Finders Warrants were exercised, for aggregate gross proceeds of \$9,000, resulting in the issuance of 22,500 Miata Shares.

As at September 30, 2025, the Company has 79,199,622 common shares outstanding, of which, 4,827,660 were subject to escrow.

b) Warrants

As at September 30, 2025, there were 23,697,028 share purchase warrants ("Warrants") outstanding, as follows (refer to AFS for additional detail of warrants outstanding through June 30, 2025):

	Number	Weighted average exercise price
Outstanding ⁽¹⁾ , June 30, 2024	5,916,663	\$ 0.30

Finders Warrants	717,410	0.40
Outstanding, September 30, 2025	23,697,028	\$ 0.48

⁽¹⁾ The opening balance at June 30, 2024 includes 2,274,164 warrants that entitle the holder to purchase one additional Miata Share at a price of \$0.50 per share until June 25, 2026 ("June Warrants"). These June Warrants are subject to an acceleration right held by Miata, such that if the Company's share price closes above \$0.50 for a period of 10 consecutive trading days, the Company may, at any time after such an occurrence, give written notice to the holders of the June Warrants that the warrants will expire at 5:00 p.m. (Pacific Standard Time) on the 30th day following the delivery of such notice, unless exercised by the holders prior to such date (the "Acceleration Right").

The fair values of warrants issued by the Company were determined using Black-Scholes; the significant inputs into the respective models were:

	Agent Warrants	Finders Warrants
Market price of Miata Shares on date of issuance	\$0.79	\$0.23
Exercise price	\$0.60	\$0.40
Volatility ⁽²⁾	151%	141%
Annual risk-free interest rate	2.97%	2.73%
Expected life (expiry)	2 years	2 years

⁽²⁾Volatility determined with reference to historical share price data of a peer group of companies and that of the Company matching the period of the Warrant's expected life

Details of Warrants outstanding as at September 30, 2025 are as follows:

	Expiry date	Number of Warrants Outstanding	Exercise price (\$)	Weighted average remaining life
June Warrants	June 25, 2026	2,274,164	0.50	0.73
October Warrants	October 18, 2026	707,966	0.60	1.05
Agent Warrants	October 18, 2026	5,040,967	0.90	1.05
August Warrants	August 21, 2027	11,956,521	0.40	1.89
Finders Warrants	August 21, 2027	717,410	0.40	1.89
November 2023	November 30, 2027	3,000,000	0.10	2.17
Total		23,697,028	0.48	1.61

As of September 30, 2025, the weighted average remaining life for the outstanding Warrants was 1.61 years (June 30, 2025 – 1.54).

10. SHARE CAPITAL AND RESERVES (continued)

c) Equity remuneration

Stock options ("Options")

On May 12, 2023, the Company adopted an Omnibus Equity Incentive Plan (the "Plan"). The Plan provides that, subject to the requirements of the CSE, the aggregate number of securities reserved for issuance, set aside, and made available for issuance under the Plan as Options be limited to that number which is 10% of the number of issued and outstanding shares of the Company at the time of granting of such Options. The Plan also provides, again subject to the requirements of the CSE, that the aggregate number of securities reserved for issuance, set aside, and made available for issuance under the Plan issuable as restricted share units ("RSUs"), share appreciation rights ("SARs"), deferred share unit rights ("DSUs"), and performance share units ("PSUs"), be limited to 2,651,470 shares of the Company (in aggregate). The Company has not issued any RSUs, SARs, DSUs, or PSUs to date.

The number of Miata Shares which may be reserved in any 12-month period for issuance to any one individual upon exercise of all Incentive Securities held by that individual may not exceed 5% of the issued and outstanding common shares of the Company at the time of the grant.

Stock option activities are summarized in the table below:

	Number of Stock Options Outstanding	Weighted Average Exercise Price (\$)
Balance, June 30, 2024	3,235,000	0.36
79N Options	181,343	1.90

August 25, 2028	2,400,000	1,200,000	0.25	2.90
Total	6,991,538	5,016,538	0.43	1.91

The weighted average closing share price on the date of the option exercises for the three months ended September 30, 2025 was \$1.18.

During the three months ended September 30, 2025, the Company recognized stock-based compensation expense of \$354,260 (September 30, 2024: \$40,729), in connection with the vesting of these Options.

As of September 30, 2025, the weighted average remaining life for the outstanding Options was 1.91 years (June 30, 2025 – 1.64).

10. SHARE CAPITAL AND RESERVES (continued)

On August 25, 2025, Miata awarded certain directors, officers, and consultants to the Company an aggregate of 2,400,000 Options. The Options have an exercise price of \$0.25 and a term of 3 years. Half of the Options vested on the date of the grant, and the remaining half of the Options awarded will vest twelve months after the date of the grant. The fair value of this award of Options, determined using Black-Scholes, was \$0.175 per Option. The significant inputs into the model were: grant date share price: \$0.22, exercise price: \$0.25, volatility: 148.17%, dividend yield: 0%, expected Option life: 3 years, forfeiture rate: 0%, and annual risk free interest rate: 2.72%.

A total of 2,300,000 previously issued stock options to purchase common shares of 79North ("79N Options"), adjusted to reflect the Acquisition exchange ratio were retained following the Acquisition, resulting in a total of 181,343 79N Options outstanding, each of which was replaced, and were exercisable for a Miata Share. The weighted average exercise price of the 79N Options was \$1.90, with expiry dates ranging from June 16, 2025 to October 16, 2025. As of September 30, 2025, 31,538 79N Options remained outstanding, all of which expired unexercised on October 16, 2025.

For the purposes of estimating the fair value of Options using Black-Scholes, certain assumptions are made such as expected dividend yield, volatility of the market price of the Company's shares, risk-free interest rates, and expected average life of the Options. The estimate of volatility for each award made to date was made with reference to the historical share prices of a group of similar companies at the time of the particular grant, as the Company's trading history is less than the life of the Options awarded. Refer to the AFS for details of the inputs and estimates used in the respective Black-Scholes calculations of Options awarded in prior periods.

11. NON-CONTROLLING INTEREST

Summary financial information for IAM, is as set out below. The information below is before intercompany eliminations. There is no comparative period presented as the Company will only have recognized the NCI in IAM upon completion of the Acquisition (Note (8(b))).

(a) Summarised Statement of Financial Position

	As at September 30, 2025
Total current net assets	\$ -
Total non-current net assets (Nassau)	5,953,439
Net assets	\$ 5,953,439
Less: non-controlling interest	(1,786,032)
Net assets controlled by the Company	\$ 4,167,407

(b) Summarised Statement of Loss and Summarised Cash Flows

Through the period from Acquisition to September 30, 2025, there were no expenditures, transactions or cash flows in IAM.

12. SUPPLEMENTAL CASH FLOW DISCLOSURE

The Company incurred the following non-cash investing and financing transactions:

Periods ended	September 30,

An amount of \$19,300 was paid to Mynah Exploration Inc. ("Mynah"), an entity controlled by Ms. Danae Vroomeij, one of Miata's directors in the three-months ended September 30, 2025 (three-months ended September 30, 2024: \$nil). Of this amount, \$17,100 of this was recognized as exploration and evaluation expenditures, and \$2,200 as consulting fees.

At September 30, 2025, the amount due to related parties was \$59,540 (June 30, 2025: \$8,321), inclusive of expense reimbursement in the normal course.

14. CAPITAL MANAGEMENT

The Company manages its capital, consisting of share and working capital, in a manner consistent with the risk characteristic of the assets it holds. All sources of financing are analyzed by management and approved by the board of directors. There were no significant changes in the Company's approach or the Company's objectives and policies for managing its capital.

As at September 30, 2025, the Company's capital structure consists of the equity of the Company. The Company is not subject to any externally imposed capital requirements. In order to maximize ongoing development efforts, the Company does not pay dividends.

As at September 30, 2025, the Company's available capital resources consists of \$4,008,306 in cash and cash equivalents (June 30, 2025: \$2,090,992) to settle total current liabilities of \$703,803 (June 30, 2025: \$1,233,377).

15. SEGMENTED INFORMATION

Reportable segments are those operations whose operating results are reviewed by the chief operating decision maker, being the individual at Miata making decisions about resources to be allocated to a particular segment, and assessing performance provided those operations pass certain quantitative thresholds.

The Company undertakes administrative activities in Canada, and is engaged in the acquisition, exploration, and evaluation of certain exploration properties in Suriname and in Canada. Accordingly, the Company's operations are in one commercial and two geographic segments. The Company's exploration property interests (Note 8) are held by legal entities in Suriname (Sela Creek, and Nassau), while the remaining assets, including cash and cash equivalents, and the balance of prepaids, and receivables reside in Canada.

The Company is in the exploration stage and accordingly, has no reportable segment revenues.

16. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Company's financial assets consist of the cash held on deposit, and its financial liabilities consist of accounts payable. The Company is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair value of these financial instruments approximates their carrying value, unless otherwise noted due to their short-term nature.

Financial assets included in the statement of financial position are as follows:

	Level in fair value hierarchy	September 30, 2025 \$	June 30, 2025 \$
Fair value through profit or loss ("FVTPL"):			
Cash	Level 1	4,008,306	2,090,992
		4,008,306	2,090,992

Financial liabilities included in the statement of financial position are as follows:

	September 30, 2025 \$	June 30, 2025 \$
Amortized cost:		
Accounts payable	626,880	1,119,760
	626,880	1,119,760

Foreign Exchange Risk

The results of the Company's operations are exposed to currency fluctuations. To date, the Company has raised funds entirely in Canadian dollars, whereas, the majority of the Company's mineral property expenditures are incurred in US\$.

The fluctuations of the US\$ in relation to the Canadian dollar will consequently have an impact upon i) the Company's financial strength, and ii) the ability of the Company to meet its planned expenditure programs in Suriname. As the carrying values of Sela Creek and Nassau are denominated in US\$, there may also be an impact to the reported value of the Company's assets as a result of fluctuations of the US\$ in relation to the Canadian dollar.

Although Miata had not entered into any derivative contracts to manage foreign exchange risk through the three-months ended September 30, 2025, the Company has purchased and does hold US\$ in advance of anticipated expenditures in Suriname.

15. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its cash held in bank accounts. As most of the Company's cash is held by one bank there is a concentration of credit risk. This risk is managed by using a major bank that is a high credit quality financial institution as determined by rating agencies.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to interest rate risk.

17. CONTINGENCY

Shortly before the closing of the Acquisition, the Company received a statement of claim from two former consultants of 79North for unpaid fees and expenses amounting to an aggregate of approximately \$650,000 along with unspecified damages arising from alleged breaches of the Ontario Business Corporations Act and the British Columbia Business Corporations Act. Miata is in the process of assessing the claim with legal counsel, and intends to vigorously defend the action.

The outcome of this claim cannot be determined at this time and therefore no amount has been accrued for.

18. SUBSEQUENT EVENTS

a) Exercise of Warrants

During the period subsequent to September 30, 2025, and through to the date of the Interim Financial Statements, an aggregate of 650,000 warrants were exercised. On November 18, 2025, Miata announced that the Company had entered into an agreement with Cormark Securities Inc, acting as lead agent on a best efforts basis, on behalf of a syndicate of agents (collectively, the "Agents"), in connection with a public offering to sell up to 20,833,500 Miata Shares at a price of \$0.48 per Miata Share (the "Offered Shares"), for total gross proceeds of up to \$10,000,080 (the "2025 Prospectus Offering"). The Company has also granted to the Agents an option, exercisable at any time until 30 days following the closing date of the 2025 Prospectus offering, to sell up to an additional 3,125,000 Miata Shares (the 2025 Prospectus Offering, inclusive of any Miata Shares issued pursuant to the over-allotment option the "Proposed Offering").

On November 18, 2025, the Company filed a preliminary prospectus (the "Prospectus") with the securities regulators of each of the provinces of Canada, excluding Quebec, to qualify for distribution those Offered Shares contemplated by the Proposed Offering.

Pursuant to the Proposed Offering, the Company will pay to the Agents a cash commission equal to 6% of the gross proceeds of the Proposed Offering, and will issue to the Agents an aggregate of up to 1,250,010 warrants to purchase Miata Shares, exercisable at a price of \$0.67, with such number of warrants representing 6% of the total number of Offered Shares to be issued.

There can be no assurances as to the timing of the closing of the Proposed Offering, or whether it will close at all. If 18,250 August Warrants were exercised, for aggregate gross proceeds of \$263,300, resulting in the issuance of 658,250 Miata Shares, and 22,500 Finders Warrants were exercised, for aggregate gross proceeds of \$9,000, resulting in the issuance of 22,500 Miata Shares.
